

Outback Roundup 2016

The Winners

Photographers from 18 states entered this year's contest and the judges—Marilyn Newton, Carolyn Dufurrena and C.J. Hadley (with tweaking by tech wizard M.D. Welch)—took hours to come up with the winners and merits from hun-

dreds of images entered. But even if you are not in those groups, other photos were selected for possible use in next year's calendar and an upcoming book called "Cowboys & Critters."

We appreciate all who shared their fine work. ■
