

Outback Roundup 2023

THE WINNERS

Congratulations to this year's winners, which were chosen from more than 200 entries from New York to California. More winners will appear in the Fall and Winter issues.

Others will appear in future *RANGE* publications.

It's not too soon to start shooting for 2024 so keep your cameras handy, go out in weather fair and foul and catch ranchers and ranges in all seasons. ■
